‘Ad Hoc’ GP SOLO work (i.e. OOHs, self-employed CCG work, etc)

If you perform any GP ‘SOLO’ work, you and the organisation you work for must ensure that the SOLO forms (and contributions) are sent promptly to PCSE. The tiered rate of employee contributions is based on your total GP pensionable income, not your SOLO income.

---

Primary Care Support England is delivered on behalf of NHS England by Capita.
**Annual end of year pension administration**

Annual pension forms should be available to download from the NHS Pensions website from early January 2019.

As part of the requirements of the NHS Pension Scheme Regulations, GPs need to return their GP Provider Annual Certificate of Pensionable Income or the Type 2 Medical Practitioner Self-Assessment form to PCSE within 11 months of pension year end; i.e. by 28 February. It is a legal requirement for GPs to complete and submit these documents each year.

**Important: If practitioners do not submit pension documentation for any one year it will result in an incomplete pension record which may affect Annual Benefit Statements (Total Reward Statements), Annual Allowance statements, etc.**

**If there is an incomplete pension record, practitioners will be contacted directly by PCSE. Further information on this is provided below.**

**Hand-written signatures**

PCSE can now accept forms without a handwritten signature as long as the contact email address when submitted is an nhs.net email address. If you do not have an nhs.net email address you will need to ensure that the form has a handwritten signature.

If documents are submitted without a hand-written signature, and no nhs.net email address is provided when the documents are sent to PCSE via the online enquiries form, the document(s) will be returned to the sender for re-submission.

**Ongoing review of pension scheme data**

As you may be aware, NHS England is carrying out a complete review of all pension scheme data, led by an independent pension’s expert.

This will involve an analysis of all practitioner pension information. If the review shows any gaps in data, **practitioners will be contacted directly by PCSE** with clear advice on what to do next. This may involve submitting pension documentation for years where there are gaps.

**Annualisation reimbursement process**

If during Scheme years 2015/16 and 2016/17 you were a member of the (new) 2015 NHS Pension Scheme (i.e. not a 1995 or 2008 Section protected Scheme member) the rate of employee contributions you paid was based on your annualised GP pensionable income. You will soon have the opportunity to review the rate of contributions you paid in those years. In January 2019, further information will be available on the Practitioner page of NHSBSA/NHS Pensions’ website including a reimbursement claim form: [www.nhsbsa.nhs.uk/member-hub/information-practitioner-locum-and-non-gp](http://www.nhsbsa.nhs.uk/member-hub/information-practitioner-locum-and-non-gp).
