rinnary Care Support England

GP Pensions Opt-out Application

Version V2.0 - 29th June 2022

Primary Care Support England

Primary Care Support England is delivered on behalf of NHS England by Capita

Introduction

GP Pensions administration is now managed through PCSE Online.

If you are looking to opt out of making contributions to your NHS pension, you can visit PCSE Online, log in using your own personal credentials and complete the new opt out form.

When you opt out of pension contributions through PCSE Online, the change takes effect from the next calendar month. The system will also log all of the changes you make to your pension scheme.

Keep in mind that opt out contributions will only backdate within the current financial year through PCSE online.

If you need to make a arrangements for a crossover of the financial year, then requests to PCSE will have to be made outside of this process.

To use this guide, your user administrator needs to ensure you have been set up in PCSE Online with at least one of the following roles:

- GPP GP Principal
- GPP GP Salaried
- GPP GP Practice Management
